

CHAMPION PRORACING GP MULTI SPRAY

This multipurpose lubricant consists of high-quality mineral oils and PTFE. It is highly water-resistant, even against seawater, and can be used over a wide range of temperatures.

APPLICATIONS

It is suitable for a wide range of applications, like: nylon bearings, chains, brake cables, and bolts. It can also be used for the protection of electrical contacts and switch materials against dirt and corrosion.

FEATURES

Broad applicability: excellent lubrication of various parts

Temperature stability: retains its lubricating properties over a range of temperatures

Water resistance: does not wash away
