

WOLF OFFICIALTECH 10W-30 UHPD MF

29/05/2025
15765

This oil for gas powered HD engines offers exceptional wear resistance. It is capable of maintaining its original composition thanks to its outstanding oxidation resistance, shear resistance and aeration control, giving it an increased drain interval compared to previous formulations.

APPLICATIONS

Both modern and older gas powered engines benefit from this heavy-duty engine oil for most OEMs, making it a perfect match for a wide range of engine types. It is capable of offering optimal protection to a range of Caterpillar, Mack, Renault, Volvo and other market-leading engines with or without after-treatment system, turbo- or supercharger. It is compatible with emission control technology EURO IV, V and VI for trucks; as well as stage IIIB, IV, V and Tier 4i, 4f for heavy-duty off-road.

FEATURES

Improved engine cleanliness: increased operating hours
High wear protection: increased engine lifespan
Increased oxidative stability: extended optimal oil performance
