Hemiksem, 05/06/2018

Dear,

Results from tests according to CES 20078 have been presented to Cummins.

Cummins approved "WOLF VITALTECH 15W40" and it can be labeled conforming to CES 20078.

The oils shall be used per the ambient temperature and SAE grade guidelines in the engine specific Operation and Maintenance (O & M) manual as well as in any Cummins service documents.

Please note that this approval is valid until the formulation of "WOLF VITALTECH 15W40" changes.

You can find our official Cummins approval in the "Cummins Oil Registration List".
